Re: Your file No.: MUR 5750

Dear Mr. Jordan:

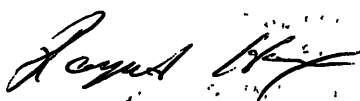

American Labor Services, Inc., has received your correspondence and enclosures from Vincent Indeglia. We have had the opportunity to review the information and have very little to offer.

The letter was written without consultation or consent of American Labor Services. As Mr. Indeglia is the president of the company appointed by the board for a 2-year term, he has a great deal of authority. It is not unusual nor is it against company policy, for him to use his office or his computer to draft letters or other items of a personal nature.

In discussing the matter with Mr. Indeglia he has represented, and we have no reason not to believe him, that the letter attached to the complaint was never intended to be a proclamation of a political position by American Labor Services, Inc. He has acknowledged that when he printed the letter and executed it and left it for review on our waiting room counter he did so without considering the potential ramifications. He has further indicated that the letter was not intended to be an expression of any political position of American Labor Services, Inc. American Labor Services, Inc., does not take any position with regard to any election activity or with regard to any candidate for political office. American Labor Services, Inc., rejects the notion that it made any contribution to any political party or candidate for office.

We respectfully request that the Commission dismiss the complaint filed by the Chafee for Senate Campaign with regard to American Labor Services.

Sincerely,

Raymond Hoxie
Treasurer, American Labor Services, Inc.
